LUCE DI CARRARA

FEATURED: BIANCO HX | COLUMN

A WORLD OF STONE AT YOUR FINGERTIPS

When it comes to supplying the hospitality industry, experience matters – but execution is everything. Our work spans coast to coast, delivering consistent quality and dependable timelines to some of the most recognized properties in the country.

From the iconic Biltmore Hotel in North Carolina to the Swexan Hotel in Dallas, our team has proven its ability to meet the exacting standards of world-class hospitality brands. Our craftsmanship and materials can be found throughout various Marriott properties nationwide and within the refined interiors of the Ritz-Carlton, where precision, beauty, and consistency are non-negotiable.

But what truly sets us apart is how we source the stone itself. We import premium natural stone directly from quarries around the world, giving our clients access to an extraordinary range of materials – from durable granites to rare marbles, limestones, and exotic stones not commonly available through traditional supply channels.

Our team is known for being among the best in the industry at sourcing stone globally, allowing architects, designers, and developers to bring bold visions to life without compromise.

And that same precision defines everything we do. Whether it's a bespoke commercial interior, a landmark college campus, or a luxury multi-family residence, we don't just meet expectations—we set them. With every stone placed, we create lasting impact. Your vision, brought to life—with flawless execution, every time.

CUSTOM TERRAZZO: Tailored locally, customizable and... made to wow

Think high-end project with a serious wow factor?
This is your go-to solution.

Our customizable precast terrazzo—available in tile and slabs with epoxy resin or cementitious method—is produced in Dallas, Texas and tailored to virtually any color specification you can imagine. It's ideal for premium projects where making an impression matters—think upscale restaurants, sports facilities, universities, or any space that demands a standout aesthetic.

Bottom line? When you need to deliver a high-end, premium impression, our USA-produced terrazzo delivers—pure impact.

SUSTAINABILITY

As the world is becoming more environmentally conscious, we all want to find ways to make a better impact on our planet. By using DTE, you are not only doing that, but also helping to support a new green local business. Dynamic Terrazzo Environments utilizes recycled materials in many of our color palettes, offering a greener and more sustainable alternative. These materials help architects and designers gain LEED points in their projects, and to be eco-friendly for our environment.

Custom.
Sustainable.
Local.

For custom color inquiries, please reach out to us with your project name, the precast format required, dimensions and quantity required, project budget, project timeframe, and details on the color design for matching or new terrazzo color formulation.

Custom samples are subject to a \$50.00 set-up fee per sample that will be credited back upon order placement. Please reach out to us if you have any questions or need any assistance.

NOTES:

- Please keep in mind, due to product being hand produced, there will be slight variations.
- All colors based on epoxy terrazzo. Cementitious terrazzo options are available.
- Call us for details.

PROSPEC COLLECTION

Smart, Cost-Effective Performance

When your project calls for a streamlined, budget-conscious solution, the ProSpec Collection delivers.

Our marble precast terrazzo, made with a polyester resin, is offered as a ready-to-specify line, available in both tile and slab formats. The advantage is simple: a price-driven option designed to meet your project requirements without sacrificing quality.

Bottom line? If you're looking for a dependable, cost-effective terrazzo solution that still performs and looks great, ProSpec is the smart choice—keeping your budget on track and your project moving forward with confidence.
